Load / Discharge Instructions:

Please call the inspection company when the Vessel arrives.

Note: Ship-shore tolerance is 0.5%. Inspectors must investigate or note discrepancies found and report findings. A letter of protest must also be presented for both ship/shore discrepancies > 0.5%.

Special Instructions:

--Owner is to communicate immediately via phone and email any errors in this voyage order.
--Owner is to confirm prior cargo and cleaning directions.
--Owner is to acknowledge voyage order received and understood via email return of this voyage order.
--Please provide an ROB report within 24hrs of movement if ROB is greater than 0.5% of loaded volume.

The cargo(es) listed above may contain different levels of H2S, including levels that could result in serious injury or death. Vessel operator should take the appropriate precautions to protect their crews from exposure to H2S. Information about H2S levels should be discussed with the terminal operator before loading. MSDS and shore tank specific H2S information should be obtained during the pre-transfer conference.
